

Fellow Child Care Director's,

As you know, these are challenging times for residential child care agencies. Over the years, one of the more reassuring and uplifting aspects of my tenure has been my affiliation with the National Fellowship of Child Care Executives (N.F.C.C.E.). The NFCCE is a group of twenty-seven residential programs from around the country serving children and families at risk. Together we collaborate to provide support, training and fellowship experiences for the directors, staff and children entrusted to our care.

Personally, I have grown as a director and I'm re-energized as a professional through this organization. Our staff attends NFCCE conferences where they network with fellow child care professionals and enhance their skills as care givers. The children in our care also participate in the Home Olympic Games, writing and art competitions and a variety of leadership opportunities made possible by the NFCCE.

I encourage you to consider joining this group of dedicated child care professionals. Your membership will help to provide numerous rewards for the children we serve.

If you have any questions about how to become a member or would like to learn more about the NFCCE feel free to contact me at 802-721-6918 or tfahner@sover.net.

Wishing you continued success in all your child care endeavors.

Sincerely,
Thomas Fahner
NFCCE President
